

Central Oregon: We are excited to inform you that the Central Oregon Chapter is making great strides in offering educational opportunities to the Central Oregon and surrounding areas. We are very excited to inform you that we will be meeting the 3rd Saturday of every other month starting January 19, 2008. During this meeting, we will have Tricia Katzberg here to talk about "Coding." The objectives of this class will be:

1. Gain confidence when choosing a diagnostic code.
2. Awareness of use and value of V Codes.
3. Awareness of use and value of E Codes. You will be able to earn 1 CEU towards administration.

We will meet at Bend Memorial Clinic at 11:00AM. I am still trying to get another speaker lined up for this day so we can earn 2 CEU credits. Registration forms will be sent out early this next week.
