

## OSMA Website Update

How do you like the new look? Most of the basic formatting is now complete. We will be adding in some other pages and improving others in our second phase. The biggest change is this:

There will not be a separate "OSMA Journal" anymore. This website is now our revolving journal. It will be updated on a quarterly basis with reports from the OSMA officers, team leaders and chapter presidents. The schedule for the updating is:

January, April, July, and October. **All reports are due 15 days in advance of each of these months. Please mark your 2008 calendars now.**

The next upgrade will be our Chapter pages. Each chapter will have a profile, and then the quarterly report will be posted on that page.

We will have a welcome statement on our front page. This states who and what we are so that those who find us on the WWW can know what we are all about.

We will have a Resource Center. This area will contain any forms that you might need: membership, registration, Bylaws, Board Manual, etc. Kelly Fanning, CMA(AAMA) will be our contact for this area.

And finally: a Highlights Page. This where you find **condensed** information that is on the website for that quarter. This is a printer friendly page. It would be easy to print it off for your planner or calendar or to put into your OSMA notebook if you are involved on that level. Christy Oldenstadt, CMA(AAMA) will be the Highlights Editor.

Please feel free to contact Christy or me with suggestions or questions.

Joce Willis, CMA(AAMA)  
Web Coordinator
